- Re: Loewke & Brill Consulting Group
- R. Michael Loewke
- Dispute Resolution

- Dear Superintendent Keller-Cogan:

□ I first met Mr. Mike Loewke of the Loewke & Brill Consulting Group when there was a defaulting contractor on a large contract in Westchester County. Mr. Loewke was able to break a stalemate which had occurred between a contractor and the Department of Public Works by formulating a solution that enabled the work to be taken over and completed by my company. By accomplishing this, the client had a seamless transition and was able to continue business as usual. Mr. Loewke came as a representative of the bonding company. Mr. Loewke was able to negotiate a settlement between all parties and avoided potentially costly problems. His strong mediation skills were integral in the resolution of several outstanding issues. We negotiated a fair settlement and avoided a potentially costly problem.

- Mr. Loewke's abilities at conflict resolution along with his knowledge of the construction and maintenance fields should be a great fit as the initial decision maker regarding claims and disputes on your new project.

Sincerely,

Lawrence Bettello
Branch Manager
