Re: Referral for Clarkstown School District.

Dear Mike,

I'm happy to write this letter of recommendation for you to help you and your company secure the position of Initial Dispute Maker (IDM) with the Clarkstown School District.

As you know, we became involved with you at the Ramapo College Anisfield School of Business Project. At the time you were representing the bonding company and your assignment was to manage, drive and complete the mechanical portion of the job including the DDC control system following default by the mechanical contractor. Our role was that of the startup contractor for the mechanical equipment. In addition to startup, we ended up providing other remedial work as well.

This was our first time being involved in a project where the bonding company had to step in and I wasn't sure what to expect. I was pleasantly surprised by your no nonsense, get the job done approach, and I have to say that in my opinion, I don't think the project would have come online as soon as it did without yours' and Jim's involvement. I would welcome the opportunity to work with you and Jim in the future.

In closing, please feel free to offer me as a reference and I'd be happy to speak with anyone who would care to call me.

Sincerely,  
Mechanical Service Corp.
