Gentlemen:

I wish to take this time to express my sincere gratitude for a most educational seminar. The actual experiences presented and numerous factual documentations presented in your hand out materials surpasses any that I have received throughout my 40 plus years of attending such gatherings. Your presentation was detailed and entertaining enough to keep everyone's attention throughout the entire session.

Your seminar is a MUST for all contractors for the purpose of advancing their knowledge in the industry.

Sincerely,
JOHN W. DANFORTH CO.
