

JOSEPHINE KEHOE, ED.D.  
*Interim Superintendent of Schools*

ombudsman

October 14, 2006

Mr. Mike Loewke  
President  
Loewke & Brill Consulting Group  
190 Murray Street  
Rochester, NY 14606

Dear Mr. Loewke:

I am writing to commend you and your talented Ombudsman crew who have just recently completed the construction audit on our multi-million dollar school renovation project. The large individual printed reports on each contract were extremely complete with colored graphics as well as needed photos of areas of concern. We now have a complete and detailed impartial analysis of areas that we were unaware of before.

I also wish to commend your Ombudsman crew for the professional manner in which they worked with our architect and construction manager corporation.

I now know that if we had your Ombudsman services at the beginning of the project, our school district would undoubtedly have saved considerable cost and probably expedited the project.

In closing, I want to also thank you for offering to assist our staff in closing of several of the open contracts. It is without hesitation that I recommend your Ombudsman services for any school district contemplating a school construction project.

Sincerely,

Josephine Kehoe, Ed.D.  
Interim Superintendent of Schools
